BENEFITS:

Shapes allow for a variety of arrangements

Great as holiday ornaments

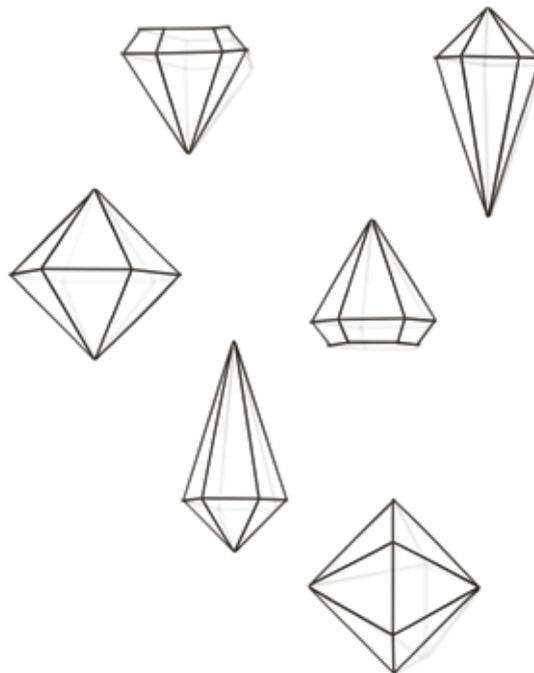

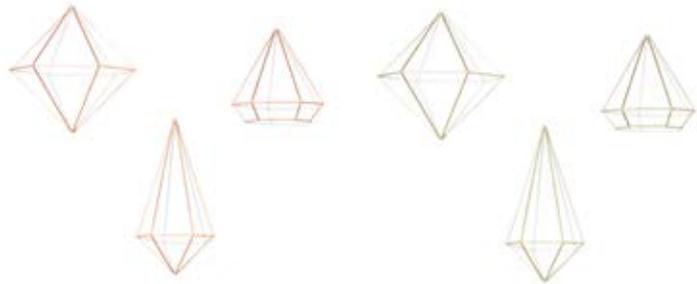

DESIGN INSPIRATION:

I love the traditional hanging Himmeli commonly found in Finland around Christmas.

I was inspired to design PRISMA around these geometric shapes but I simplified the design to add interest to any room. I love how the brass rods encapsulate and occupy a volume of space on your wall, desk or ceiling.

Multi tiered jewelry and accessories stand with linen lined base

BENEFITS

Perfect for storing sunglasses, watches and bracelets
Linen base to protect accessories

DESIGN INSPIRATION

The inspiration for Pillar came when I was visiting my friend who owns a parrot. I noticed the structure of the bird's t-stand and realized this would make a wonderful display for jewelry. Pillar can accommodate a wide variety of jewelry. The aged walnut and linen add warmth and elevation to the design.

OTD/WALL 4 HOOK

DESIGN: WESLEY CHAU

A unique wall hook with pivot design allowing hooks to lay flat against the wall making them less intrusive in a small space. These pivoting hooks also make space for extra bulky jackets by simply moving to one side. The soft wooden knobs on the ends of the metal wire hooks don't just look great, they are also gentle on delicate clothing. Comes with over the door mounting hardware.

- Made of metal wire with soft wooden knobs to protect delicate clothing
- 8 hooks for lots of storage

SLING

FLEXIBLE SINK CADDY

DESIGN: EUGÉNIE DE LOYNES & JORDAN MURPHY

Unlike other caddies on the market, SLING Sink Caddy is a flexible plastic coated wire that forms to the shape of your sink. This flexible plastic was specifically chosen for its elastic properties. It allows the caddy to hang around the faucet neck or sink wall. The openness of the cutouts and perforated base promotes drainage, while preventing moisture buildup and mould.

- Unlike other caddies on the market, SLING Sink caddy is a plastic coated wire that forms to your sink for a customizable organizational solution
- Specially chosen plastic has non-slip and elastic properties, creating a more snug fit
- Sized to fit all faucet necks and sink walls
- Generous cutouts and perforated base improves drainage and prevents moisture buildup
- Easy to clean, simply rinse with warm soapy water

Curved bottom for easy cleaning

Slim design to fit with tight spaces

BENEFITS:

Form elevates the handles above the waste for disposal

Rounded bottom prevents liquids from getting trapped in tight corners.

Great for narrow spaces.

DESIGN INSPIRATION:

When I first designed the SKINNY CAN, I was focused on a plastic can, with aesthetics derived from its functional characteristics. The versatility of this design however, has led to even more uses and applications.

DESIGN INSPIRATION:

When I first designed the SKINNY CAN, I was focused on a plastic can, with aesthetics derived from its functional characteristics. The versatility of this design however, has led to even more uses and applications. Constructing the skinny can from mesh allows you to easily see the contents; great for use as a magazine holder, mail / file folder organizer or office can. The mesh pattern creates a beautifully textured surface that looks both thin and strong at the same time

DIMENSION:

10 dia. x 14½" (25 dia. x 37 cm)

MATERIAL:

PP

FEATURES:

Capacity 4¾ gallons (18 L)

Open top waste can

BENEFITS:

Has the look of wood without staining or warping

DESIGN INSPIRATION:

I wanted a can that had the advantages of being easy to clean, water proof and dent resistant, but with more than just a monotone surface. I think theres a lack of texture and warmth in modern houses, so the organic natural pattern of barnwood was a perfect addition to our Mezzo can

DIMENSIONS:

8.25 x 8 x 11.5" (21 x 20.3x 29.2 cm)

Capacity 1.375 gal (5 L)

MATERIAL:

Molded Plastic

FEATURES:

Spill bags not included

Removable swing-top lid and inner retention rings

BENEFITS:

Geometric shape makes it fit perfectly in small corners or against walls

Inner retention ring secures spill bag and keeps it hidden

Raised swing-top lid keeps opening unobstructed from contents

Easy to clean, simply wipe with damp water

DESIGN INSPIRATION:

Inspired by the dead space in my kitchen. I saw an opportunity to design a waste can that could be put against the wall while being easily accessible. The can is short and stout, but flared at the top to have a larger opening with a flapper raised to stay above the fill line of the bag.

PACKAGING:

Sticker label

3 cans per master carton

DID YOU KNOW?

We loved the shape of this can but couldn't figure out how to install a bag. This led to the hidden bag ring system.
